REPORT OF THE LIBRARY TRUSTEES

The Library Trustees wish to thank the Town for the support given over the year past. The increased use of the Library on Tuesday nights has convinced us that the continuance of this custom will be worthwhile. A break-down of the books circulated during the year is given below. More out-of-date books have been removed from the stacks and new books added. The story-hour for children is held twice a month and is led by Mrs. Melia and Mrs. Kelley.

The inside walls of the Library as well as the ceiling with its unique designs, needs to be repainted and the Trustees, through various means, will attempt to raise enough money to have this done. We realize that this, no doubt, will not be accomplished within the next year but since it is such a worthwhile project we shall, at least, make a start toward this end.

Respectfully submitted,

E. EMMONS SANBORN,
Secretary

REPORT OF THE LADIES' AUXILIARY
HAMPTON FALLS VOLUNTEER FIRE DEPT.

The Women's Auxiliary of the Hampton Falls Volunteer Fire Department, an organization dedicated to assisting the Department, have had a successful year with regular meetings held each month.

Through a series of fund-raising activities, including food sales, card parties and serving supper at the Rockingham County Fire Wardens local meetings, the Auxiliary has been able to present the sum of $500 to the Volunteer Firemen for the benefit of the Building Fund.

The members of the Auxiliary thank all who contributed to the success of these fund-raising projects, and hope for future cooperation in this effort to continue having Fire Department on a volunteer basis.

SCHOOL WARRANT FOR 1962

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of Hampton Falls, in the County of Rockingham, State of New Hampshire, qualified to vote upon District Affairs:

You are hereby notified to meet at the Town Hall in said Hampton Falls, on the NINTH DAY of MARCH 1962, at FOUR P.M. in the afternoon, and to cast ballots for candidates for the following District Offices:

1. Moderator for the ensuing year.

2. Clerk for the ensuing year.

3. Member of the School Board for the ensuing three years.

4. Treasurer for the ensuing year.

You are also notified to meet at the same place at EIGHT O'CLOCK in the evening of the same day to act upon the following subjects:

5. To see what action the District will take in relation to report of Agents, Auditors, Committees, or Officers chosen.

6. To choose Agents, Auditors, and Committees in relation to any subject embraced in this Warrant.

7. To see what sum of money the District will raise and appropriate for the support of schools, for the salaries of School District Officials and Agents, and for the payment of statutory obligations of the District, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the

School Board to certify to the Selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by the Town.

8. To transact any other business that may legally come before said meeting.

Given under our hands and seals this 19th day of February, 1962.

REPORT OF SUPERINTENDENT OF SCHOOLS

To: School Board Members and Citizens
of Supervisory Union No. 21

The writer, in this, his first report to citizens of Supervisory Union No. 21 is providing information about this Union with the hope that it will be of interest to citizens and add generally to the understanding of educational organization within our state.

There are seven elementary school districts and one Cooperative School District in this Supervisory Union.

In September of 1961 there were 2,688 elementary pupils in grades 1-8 inclusive in the towns of Hampton, Hampton Falls, New Castle, North Hampton, Rye, Seabrook, and South Hampton and 661 secondary students attending Winnacunnet High School, Cooperative School District No. 6, from the towns of Hampton, Hampton Falls, North Hampton, and Seabrook. It is of interest to note that the total of 3,349 pupils exceeds the total population of each of the several towns within the union except Hampton.

The organization of school districts into supervisory unions is required by action of the State Legislature to provide educational supervision and to ensure compliance with State Laws. The statutes require school board members within a supervisory union to meet between April 1 and June 1, annually, to choose a chairman, secretary, and treasurer of the supervisory union. Also at this meeting the joint board nominates a superintendent, if a vacancy exists, determines the superintendent's salary, and conducts such other business as may be necessary.

Before January 1 the supervisory union board adopts a budget for the next fiscal year, which budget includes

items necessary for the operation of the union. The budget is apportioned to the several participating districts according to a formula prescribed in the statutes. Each district is required to raise the apportioned amount at the next annual meeting of the district.

Supervisory Union No. 21 provides supervisory and administrative services for 178 professional staff members, 14 secretaries, 18 custodians, and 20 cafeteria workers. Bookkeeping services are provided for transactions amounting to $1,791,126.00 as budgeted for the 1961-1962 school year.

The staff of your supervisory union office includes: a teacher consultant, an executive assistant to the superintendent, a bookkeeper and two secretaries. This staff is exceptionally competent, and indeed it must be to provide the administrative services required for a union of this size.

Miss Leota R. Whitcomb, Teacher Consultant of Supervisory Union No. 21 is a very able person. Her responsibilities are principally educational in nature. She works with individual teachers to improve instruction at the elementary level and assists the superintendent in many matters of educational significance. Curriculum (what we teach) and instruction (how we teach) are constant concerns of any school system. The why, when, where, and who also come under scrutiny, but the first two—content and method—are more subject to change as well as subject to demands for change by splinter groups. If change is to result in better education there must be a study of all factors involved.

During the school year 1960-61 a science curriculum guide for grades 7, 8, and 9 was completed and an arithmetic guide for grades 1 through 6 entered the final editing stage. Both of these projects, begun under the leadership of Superintendent of Schools, C. M. Green, were carried on over a two-year period by committees

of teachers, working with Teacher Consultant Whitcomb, and members of the State Department of Education. Each curriculum guide represents a thorough study of methods, materials, subject matter, and research, and each guide attempts to present the best thinking of those participating in the study.

It is a function of the supervisory union office to encourage study which will promote change and improvement in our curriculum, but to the committee of teachers who devoted much outside time and effort to this work much credit is due.

Because of these many changes in curriculum and instruction, it is important that we keep abreast of the best educational thinking. To this end the Teacher Consultant participates in many meetings, both within and without the Union. She frequently arranges for meetings of various staff groups, sometimes to share ideas within the group and sometimes to bring in new ideas. Many consultants have been invited to our schools in the past year—reading specialists, consultants in mathematics, science, foreign languages, guidance, testing, and others.

Through courses arranged by the Union Office, teachers have had opportunities to learn more about elementary school science, social studies, and mathematics, and about guidance, team learning, and audio-visual aids. With a large number of teachers enrolling in these courses our school system keeps alert and informed of latest methods and materials, and choosing the best from these, better education is offered to the boys and girls.

Miss Edith Hammond has served this union as Executive Assistant to the Superintendent for eight years. School Board members are well acquainted with the high quality of her work and the many hours required

to attend to the business affairs of the eight school districts. She has received national recognition and is presently serving her second year as President of the National Association of Educational Secretaries, a Department of the National Education Association. Above and beyond the planning and correspondence involved with such a position, she has traveled from one side of the United States to the other twice within the past year. She attended the NAES Convention and Institute in Orgeon in July, and the National Regional Meeting in California in November. As President she is frequently called upon as speaker at local and state meetings of Educational Secretaries, particularly in the Northeast area of the country; attends NEA Conventions as a delegate from her Association; and participates in the annual meeting of Presidents and Executive Secretaries of NEA Departments which is held in Washington, D. C. Her term as President will close with the annual convention in July to be held in Emporia, Kansas.

Miss Marjorie Lord competently prepares payroll manifests totaling approximately $1,026,300.00 annually as well as other transactions for the eight school districts.

Two secretaries, Mrs. Jean Lovejoy and Mrs. Judy Batchelder effectively handle the volume of correspondence, reports, and general office routine, that one finds in a busy office. The secretarial work of a union office is quite different from most other offices and the training and experience these staff members have acquired is of considerable value to the supervisory union.

It may interest the reader to study for a moment the chart provided below which depicts the growth of the several communities within this school union. Please notice the comparative figures for the year 1950 and the year 1960.

TOWN AND SCHOOL POPULATIONS
1950 - 1960

Towns Within Supervisory Union No. 21	Town Populations 1950	1960	% of increase	School Populations 1950	1960	% of increase
Hampton	2847	5379	88.9	482	1322	174.3
Hampton Falls	629	885	40.7	98	201	105.0
New Castle	583	823	41.2	69	139	101.4

Rye	1982	3244	63.7	341	686	101.2
Seabrook	1788	2209	23.5	338	493	45.9
South Hampton	314	443	41.1	40	93	132.5
TOTAL	9,247	14,893		1,580	3,395	
Average Per Cent of Increase			61.1			114.9

The total population of Supervisory Union No. 21 increased from 9,247 to 14,893—a percent increase of 61.1—while the school population increased from 1,580 pupils to 3,395—a per cent increase of 114.9. The total population increase is conspicuous, but one may also note that pupils attending public schools make up a significantly greater per cent of the total population in 1960 than did the pupils in 1950. Nearly one in every four of the total population is a public school pupil in 1960.

The citizens of these several towns should indeed be complimented for having provided the additional classrooms, staff and materials required by such rapid growth. Additional pupils is one reason for increased cost for education.

It is relatively an easy matter to show population growth, but the matter of improved quality of instruction is far more difficult to treat objectively. One thing is certain—there has been lively activity in the "pur-

suit of excellence" during recent years and there is every indication that such activity should continue.

The key to quality instruction is, as it always has been, a quality staff. One of the most important functions of the supervisory union office is the recruitment and selection of competent teachers. Personnel practices must facilitate the retention of able staff members and provide for the removal of ineffective personnel.

Much progress has and is being made toward improved quality of instruction. Television is being used to make superior teachers available to many pupils, improved audio-visual aids are used to liven teacher presentations, team teaching is being tried as a promising new method of instruction, large group instruction and team learning are being used experimentally in some schools, and increased guidance services to assist students in the selection of courses appropriate to their capabilities.

The writer wishes to acknowledge the cooperation which Superintendent C. M. Green provided during the transfer of administrative responsibility. It is to his credit that the Supervisory Union is well organized and that the transfer of responsibilities presented no unusual difficulties.

In the report an attempt has been made to acquaint citizens with the structure, functions, and staff of the supervisory union office. The reader will find information relative to developments within the particular school district in the Principal's report.

The writer is sincerely appreciative of the many kindnesses extended to him and he pledges his best efforts to the responsibilities and duties of this office.

Respectfully submitted,
JASON E. BOYNTON,
Superintendent of Schools
